First Place for Youth

First Place for Youth believes that all children deserve a fair chance to grow up to become responsible adults. Unfortunately, the gap in opportunity between children who have experienced stable homes and those in the foster care system is enormous. Foster youth are far more likely to end up living on the streets, without a job and few educational prospects.

First Place for Youth helps foster youth build the necessary skills they need to make a successful transition to self-sufficiency and responsible adulthood. We provide housing and education and employment support in the Bay Area.
